Product	Filter Pipette Tips 200 µl
Applies to	NLS-PT200-B, NLS-PT200-C
Revision	R1
Effective date	2026-01-01
Status	current

Purpose

This note explains which pipettes the Northfield filter pipette tips 200 µl fit.

Fit

The tips are universal-fit tips for single-channel pipettes of 20 to 200 µl with a standard conical tip cone. Press the tip on firmly and check that it seals before use.

Not covered

The tips are not intended for multichannel pipettes with a non-standard cone, or for pipettes outside the 20 to 200 µl range. Northfield does not list individual pipette models; test the fit on your own pipette before routine use.

Handling

- Keep tips in the rack until use to preserve sterility.
- Close the box lid after use.
